PROFESSIONAL EXPERIENCE

Hybrid Web & Graphic Developer **Dec 2025 – Present**
Securion | Chicago, IL (Remote)

- Partnered on a company-wide rebrand, redesigning the logo, visual identity, color palette, and marketing assets.
- Designed UX/UI wireframes, prototypes and responsive pages that improved usability and brand consistency.
- Developed front-end webpages with interactive 3D assets built in Spline.
- Created digital marketing materials in Adobe Creative Suite for web, social and campaigns.

Freelance Web Developer **Aug 2025 – Present**
Various Clients | Remote & Detroit, MI

- Designed, built, and launched 5+ responsive websites for small businesses and other clients.
- Prototyped UX/UI in Figma and turned the designs into fully functional websites.
- Managed launches, including DNS, domain transfers, Google Workspace email, sitemaps, and SEO.
- Gathered client requirements, presented iterations, and turned feedback into changes.
- Delivered accessible, mobile-first sites that meet WCAG, SEO and cross-browser standards.
- Provided post-launch support, troubleshooting, and updates.

Lead Web Designer Intern **Nov 2024 – Dec 2024**
Super Purposes | Seattle, WA (Remote)

- Led a remote team of four web designers, assigning work based on each person's strengths and project priorities to keep 11 client/site deliverables on schedule.
- Mentored designers through weekly one-on-ones and structured performance feedback, which improved design consistency and turnaround times.
- Ran design reviews to keep work consistent with brand guidelines, UX best practices and accessibility standards.
